Professional Experience

Xoriant Solutions Pvt. Ltd., Pune

Senior Technical Lead | Jan 2026 – Present

Project: Workforce Management Platform

- Provide UX design support across enterprise products, contributing to user flows, wireframes, design reviews, design QA, and implementation guidance.
- Lead accessibility initiatives across 18 enterprise products, driving WCAG 2.2 AA compliance from audit through remediation and developer handoff.
- Conduct accessibility audits and design reviews across 50+ application screens, identifying and tracking 200+ accessibility issues.
- Create accessibility annotations covering keyboard navigation, screen readers, ARIA, color contrast, focus management, zoom, and reflow.
- Define accessibility acceptance criteria and support 250+ accessibility remediations in collaboration with cross-functional teams.
- Developed 4 standardized accessibility review templates and a centralized Confluence knowledge base to improve UX and accessibility review consistency.
- Built an AI-powered Color Lab proof of concept to automate color contrast analysis and provide design-token recommendations.

Inflorens India LLC, Pune

Lead UX Designer | Jun 2020 – Aug 2025

Project: Enterprise Mortgage Lending & Loan Origination Platform

- Designed 100+ responsive screens across Lead Management, Lending Hub, and Point of Sale (Purchase, Refinance, and Cash-Out) journeys.
- Contributed to the design and launch of a Salesforce-native enterprise mortgage lending and loan origination platform.
- Created user flows, wireframes, prototypes, and high-fidelity designs for complex lending and borrower workflows.
- Conducted user research and usability testing to improve lead capture, loan application, and borrower experience.
- Collaborated with Product, Engineering, QA, and business stakeholders to deliver sprint-ready UX solutions in Agile/Scrum.
- Defined UX acceptance criteria and conducted design QA to ensure design quality and implementation accuracy.
- Contributed to a unified Lead-to-Funding mortgage lifecycle, spanning Lead Management, POS, Loan Operations, Communications, Documents, BI, and Marketing.

Saisystems Technology, Pune

Senior UX/UI Designer | Mar 2013 – Jun 2020

Project: Enterprise Healthcare Platform – EHR & Revenue Cycle Management

- Designed 50+ responsive web and mobile screens for Healthcare, EHR, and Revenue Cycle Management applications.

- Led end-to-end UX design as the sole UX designer for the EnergizeCT platform, from requirements gathering through product delivery.
- Created 80+ UX deliverables, including user flows, wireframes, prototypes, and high-fidelity designs.
- Designed intuitive workflows for clinical documentation and revenue management processes.
- Collaborated with Product, Engineering, and business teams to deliver user-centered enterprise healthcare solutions.
- Contributed to product branding and marketing assets supporting customer engagement and product adoption.

Searce Inc., Pune

UX/UI Designer | Mar 2012 – Mar 2013

Project: HappierHR, Feecounter
